AI-Powered Website Copy Generation for Local Agencies

📌 Business Selected

Spark Digital Agency – Eluru

Type: Marketing & Web Development Agency

Target Audience: Small businesses, startups, local brands

Tone: Professional, confident, results-driven

❗ Problem Statement

Many local agencies struggle with:

- Unclear website messaging
- Weak value proposition
- Generic service descriptions
- Poor call-to-action (CTA) sections
- Low conversion rates

Hiring expert copywriters is expensive, and most agency owners lack structured content.

💡 Solution

Developed a **Prompt Engineering System** that generates:

- High-converting homepage copy
- Clear service descriptions
- Persuasive call-to-action sections
- Tone-adapted content for agencies

This system produces **ready-to-publish website content**.
